Memorial Day 2017

A beautiful warm day here in Pierre with local families gathering to celebrate Memorial Day and the beginning of summer. American Legion Pierre Post 8 played host to the community with the Memorial Day program held at the T.F.Riggs High School theater and providing a light luncheon afterwards. The high school program was attended by no less then 150 people. Post 8 Assistance Chaplain Mark Erickson gave both the benediction and evocation. This year guest speaker was Post 8 Chaplain John Fette a combat wounded Marine from the Vietnam War. His topic was entitled "The Human Cost of Liberty and Freedom." With Ted Spencer, Post 8 Vice Commander, acting as Master of Ceremonies and the City band under the direction of Larry Johnson, the program ran smooth as a silk scarf in a breeze. The ladies of Unit 8 Legion Auxiliary were waiting to serve up lunch at the Legion cabin. the ladies reported that they ran out of Traven's (a fancy soppy joe) and only had a baker's dozen left of sugar cookies. As the last lunch guest exited the cabin the sights and sounds of summer arrived. A small group of boys were spotted walking and talking with their fishing poles towards the river and from over the Missouri River bridge you could heard in the distend as a group of motorcycles roaring to life. From the South Dakota capital city we hope you have a safe and memorable summer.

"and the honored tradition continues."

From the very beginnings of the Pierre Legion Relays, the honor of posting the colors was always Pierre Post 8s'. This years' honor fall to Sargent at Arms Michael Wells and his team veterans. Pictures from left to right; 2nd rife man Ralph Bush, US Air Force, 28 Bomb Wing, 1st flag bearer Richard Hines, US Army,1st Amour Calvary, 2nd flag bearer David Bechard, US Navy, 6th Fleet and 1st rife man Michael Wells, US Air Force, 44th Missile Security Squadron. As the color guard advanced on to the field all the high school athletes' stand up and remained silent and still until the color guard came to a halt at mid field. The national anthem started and all the students sang loud and clear so that you could hear them over the music. And then the whole field fall silent again until the color guard exited the field. Patriotism is still a live and well in Pierre.

A big thank you for your help.

For the past three years the local Civil Air Patrol Cadet Squadron has provided help to the Post at various times and events. the extra manpower is greatly appreciated. Pictured is Post Commander Randy Dickerson presenting a donation to the local Squadron Commander Jon Decker.

We love you guys

The entire Pierre Junior Shooters (pictured above the kids standing in the orange shirts) were invited to dinner this last May meeting. This gave the members an opportunity to say thank you to the Post legionnaires who have supported them and introduce themselves and tell a little bit about themselves. This years' national competition for the Daisy BB gun championship will be held in Rogers, Arkansas. From all across the nation youth teams come to try and unseat the Pierre Junior Shooters as national champions. If Pierre wins again it will mark the nine time the Junior Shooters are the National champions.
